

Continuum ~ Echo LE (Plus) Pedicure Chair

Item# CP1008LE

Description:

Turn a pedicure into a full spa experience with full Shiatsu massage built right into the chair.

Features:

Include Auto-Fill (designed to fill the basin to the correct water level and starts the Luraco iFill 3 magnetic jet automatically), reclining back, full Shiatsu Massage (rolling, kneading and tapping), all client controlled. An electric controlled 4-way seat, an auto-fill convenience, black manicure trays are acetone resistant with an integrated cup holder. Genuine cherry wood veneers with industrial grade finish. Adjustable center leg support with adjacent contoured footrests position feet perfectly for a pedicure. Easy to clean and chemical resistant. Basin features integrated foot supports with river stone texture. Includes a dual stream NoPipe™ jet that's exceptionally easy to clean and sanitize. Continuum's pipe-less system eliminates internal pipes, the breeding ground for bacteria. By simply removing the jet cover all surfaces touched by water are reachable for easy cleaning. Eco-friendly; utilizes less than five gallons of water. This pedicure thrones allows both armrest to pivot upward to ensure easy entry/exit due to the low profile. The seat and frame is much lower than other spas and the arms open up so it is easy for the elderly, disabled and for shorter people to get in and out of the throne.
