Open Stock Treatments .5 oz.

Step 1 – Nail Primer is fast acting pre-wash that cleanses the nail plate creating a superior bond for the powder polish.

663559

\$4.95

Step 2 + 4 – Nail Base & Top Gel is an ultra thick 2-in-1 cushion based Top & Base coat that creates the ultimate smooth foundation and protective top coat layer all in one.

663560

\$8.25

Step 3 – Layering Gel Dip is a thin viscosity gel that layers the Powder Polish to create a perfect structured nail.

663561

\$8.25

Step 5 – Gel Activator is a fast reactive activator that initiates the curing process without the use of a LED/UV light.

663562

\$8.25

Step 6 – Brush Cleaner cleans the application brushes of any residue powder colour left after application.
