

Touch America ~ SofTop Wet/Dry Table-Battery

Item# TA21310

Description:

Battery operated wet table.

Features:

Neptune SofTop Spa Wed/Dry Table features a molded acrylic drain system to divert water and treatment products away from the client and keep floors drier. The winning combination of a super-comfortable 3.5" thick top, marine-grade vinyl and Fomentek water bag, insures warmth and supreme comfort. Table height changes are easy with the battery-powered motorized lift system, operated by hand control. Versatile for wet or dry spa treatments.
